Anti-Cyber Bullying Policy

Scoil Mhuire Gan Smál, New Inn aims to ensure that children are safe and feel safe from bullying, harassment and discrimination. This school is committed to teaching children the knowledge and skills to be able to use ICT effectively, safely and responsibly.

WHAT IS CYBER-BULLYING?

There are many types of cyber-bullying. The more common types are:

1. **Text messages** – can be threatening or cause discomfort. Also included here is 'Bluejacking' (the sending of anonymous text messages over short distances using bluetooth wireless technology)
2. **Picture/video-clips via mobile phone cameras** – images sent to others to make the victim feel threatened or embarrassed
3. **Mobile phone calls** – silent calls, abusive messages or stealing the victim's phone and using it to harass others, to make them believe the victim is responsible
4. **Emails** – threatening or bullying emails, often sent using a pseudonym or somebody else's name
5. **Chat room bullying** – menacing or upsetting responses to children or young people when they are in a web-based chat room
6. **Instant messaging (IM)** – unpleasant messages sent while children conduct real-time conversations online using MSM (Microsoft Messenger), Yahoo Chat or similar tools
7. **Bullying via websites** – use of defamatory blogs (web logs), personal websites and online personal 'own web space' sites such as You Tube, Facebook, Ask.fm, Bebo (which works by signing on in one's school, therefore making it easy to find a victim) and Myspace – although there are others.

Information for Pupils

If you're being bullied by phone or the Internet:

- Remember, bullying is never your fault. It can be stopped and it can usually be traced.
- Don't ignore the bullying. Tell someone you trust, such as a teacher or parent or call an advice line.
- Try to keep calm. If you are frightened, try to show it as little as possible. Don't

- get angry, it will only make the person bullying you more likely to continue.
- Don't give out your personal details online – if you're in a chat room, watch what you say about where you live, the school you go to, your email address etc. All these things can help someone who wants to harm you to build up a picture about you.
 - Keep and save any bullying emails, text messages or images. Then you can show them to a parent or teacher as evidence.
 - If you can, make a note of the time and date bullying messages or images were sent, and note any details about the sender
 - There's plenty of online advice on how to react to cyber bullying. For example, [Ie.reachout.com](http://ie.reachout.com) and www.wiredsafety.org have some useful tips.

Text/video messaging

- You can easily stop receiving text messages for a while by turning-off incoming messages for a couple of days. This might stop the person texting you by making them believe you've changed your phone number
- If the bullying persists, you can change your phone number. Ask your mobile service provider about this.
- Don't reply to abusive or worrying text or video messages. Your mobile service provider will have a number for you to ring or text to report phone bullying
- Visit their website for details.
- Don't delete messages from cyber bullies. You don't have to read them, but you should keep them as evidence.
