

## Waterproof Materials: Senior Infants

Test a variety of materials found in your house to see if they are waterproof, eg. **Paper/ tinfoil/ cottonwool/ plastic bag/ delf plate/ metal lid etc.**

Pour the same amount of water on each material and watch what happens. Sort and write your answers under the correct heading.

### **Waterproof**

- 1.
- 2.
- 3.

### **Non-waterproof**

- 1.
- 2.
- 3.

Draw a picture of you testing some of those materials.
