(FREE) Webwise Parents' Online Safety Webinar in conjunction with An Garda Síochána – Tipperary.

The world of social media provides great opportunities for young people to stay connected with friends and family but it can also be a source of concern for parents/carers who may not understand all the pitfalls associated with the apps young people use to communicate. It is sometimes the case that young people do not fully appreciate the complexity and implications of being online. An Garda Síochána have teamed up with Webwise; the Irish internet safety awareness centre who are delighted to host a free Online Safety Webinar for parents on June 21st.

The webinar will explore the opportunities and risks for children online, offer practical advice to support parents, highlight key resources/supports and answer some frequently asked questions.

A representative from the TikTok Safety team will also provide a short explainer on how TikTok works and some key safety features.

The Webinar will be held at 7pm on 21st June, 2022

Places are limited, please register in advance for this webinar:
